## **PUBLIC NOTICE**

### **Hazard Mitigation Forum**

The City of Snyder/ Scurry County Office of Emergency Management is hosting a Hazard Mitigation Forum to address and discuss strategies for reducing the risks and impacts of natural and man-made hazards within our community.

**Date:** Tuesday September 24, 2024

**Time:** 6:00PM

**Location:** 3000 Towle Park Road

#### **Purpose of the Forum:**

- To educate the public about potential hazards and risks in our area.
- To present and discuss current and future hazard mitigation strategies.
- To gather community input and feedback on mitigation planning and initiatives.
- To promote collaboration between residents, local businesses, and government agencies.

#### **Who Should Attend:**

- Community members and local residents
- Business owners and stakeholders
- Representatives from local government and emergency services
- Anyone interested in learning more about hazard mitigation and community safety

We look forward to your participation in making our community safer and more resilient!

Sincerely,

Jay Callaway  
Emergency Management Coordinator  
City of Snyder/ Scurry County Office of Emergency Management
