

# Residential Roll-Off Guidelines

**Free Cleanup for Utility Customers**

## Who Can Use It?

Residential customers with an active City of Snyder utility account can request a free roll-off dumpster once a month. Requests are first come, first served and must be made in-person.

## Guidelines

- The roll-off is for residential, personal use only. Contractors or paid individuals cannot use the container.
- The delivery address must match the utility account address.
- Do not overfill — items should not be higher than the side rails or hanging out of the container. Keep the tailgate down.
- The roll-off should be filled at least halfway.

Violation of these rules may result in loss of privileges. If prohibited items are found, the roll-off will be returned, and the customer will be responsible for removing the items.

### Accepted Items

- Furniture (mattresses, couches, chairs, tables)
- Building/remodeling materials (not to include entire demolition)
- Tree limbs and brush
- Appliances (washers, dryers, stoves only)

### Prohibited Items

- Refrigerators or freezers
- Air conditioners
- Liquid waste (paint, motor oil, antifreeze)
- Automotive batteries, oil filters
- Heavy materials (brick, concrete, rock, dirt)
- Tires
- Asbestos containing materials

#### HOW TO REQUEST

Visit the Utility Department at  
1925 24th St, Snyder, TX 79549
